

St Joseph's Catholic Primary School

Parent / Carer Questionnaire 2016 Results

Please find the results of the recent questionnaire below. We had 37 forms returned (The children had their mufti day as some empty forms were stored with the completed ones when I counted) The results show us a high level of satisfaction but as always we are looking for ways to improve. If you indicated an area of school life that you are not satisfied with please do come in and speak about it with me. I cannot promise that we will agree but I can promise that you will be listened to and your ideas considered.
