

### **Rugby**

On 25<sup>th</sup> May twelve children spent all day at Plymouth Albion in one of the largest tag rugby competitions in the country. 48 teams took part, divided into leagues of six. We finished top of our league winning every game. That meant we qualified for the elite cup competition with the top 16 teams in the city. We played Goosewell in the first knockout round. Considering that they have more children in years 5&6 to choose from than we have in the whole school the odds were against us but in a very tight game we managed to win by one try to get into the quarter-finals. That is where our journey ended as we lost to the eventual finalist, Elburton, who were a very strong team. For one of the smallest schools in the city to be in the top eight teams in the city is a real achievement and I was very proud of all of the children.
