12/3/20

Dear Parents / Carers,

Although at present we are open for business as normal, and will continue to be so until officially advised otherwise we are preparing for the possibility of mass school closures in light of the Coronavirus outbreak. During this time all schools will be expected to provide an ongoing education for their children during any school closure. The central point to access any tasks set for St Joseph's children will be the school website. We will ensure all children have their log in details for sites such as Times Table Rock Stars and Literacy Planet. Most children are familiar with using Google Classroom in lessons so that medium will be used too. The educational resource website Twinkl has opened its access to non-subscribers for the next month so parents and children can access those resources as well.

To help us plan the provision most accurately could you please answer the questions below and return the slip to school on Friday 13th if possible, if not as soon as you can after that date.

Yours sincerely

BJ Gill

Covid – 19 Learn at Home Preparation

Child's Name

1. Do you have access to wifi at home ? Yes / No
2. Do you have a device at home that can access the internet and allow your child to
interact / type into ? Yes / No
3. Can you access the school website on a phone / other device ? Yes / No
